

# EC-Shake

The worlds first “kinetic powered” EC meter

## Makes “green energy” with every shake!

- Harnesses kinetic energy from the movable magnet
- Eliminates inaccurate tests caused by tiring batteries
- Environmentally friendlier with no batteries required
- External temperature calibration guarantees accuracy
- Fully waterproof casing for reliable use around water
- No calibration required / just wipe probe before use
- Full 5 year limited warranty on manufacturer faults.

PATENT NO: ZL200620146672-3

## No batteries required!
